Photographs For A New Century

Third Edition

MAIN INDEX

Registered Charity 1094700

The original photographs in this collection were taken as part of the Gloucestershire 2000 Photographic Archive project. The Society initially decided to photograph 100 'sites and monuments' which had some historic interest so that a record would exist of their nature and condition in the year 2000. The photographers were all volunteers and were given a free hand regarding the photographs that they took subject to the above general principle. The range of photographs taken varied from monuments which were already well recognised for their historic relevance, to items which were not especially significant in themselves but had a particular interest. All the monuments or sites photographed could potentially face at least modifications and at worst threats to their continuing existence over time.. The work was coordinated by Ron Beard and ultimately the volunteers produced more than 250 photographs, from which those you can see in this document were chosen.

The intention at the time was to revisit the selected sites at ten-year intervals and take new photographs. Accordingly, this was done in 2010 (second edition), and for this **third edition** in the period 2019 – 2024. The collection now provides a record of any changes that have occurred over the last twenty years and provides a valuable insight into how historic sites of interest in the Dean area are valued and cared for. Unfortunately, for the second and third editions some of those who took the original photographs are no longer with us, so new volunteers were recruited. All are acknowledged underneath their photographs.

The photographs are presented in themed collections, namely Mines & Quarries, Transport, Industry, Agriculture & Forestry, Religion and Other Buildings & Monuments.

THIS IS THE MAIN INDEX TO THE COLLECTIONS, SORTED ALPHABETICALLY.
YOU CAN USE THE INDEX TO FIND A SITE OF SPECIFIC INTEREST
IN THE COLLECTION.

| SITE OR MONUMENT NAME | PAGE NUMBER | COLLECTION |
